Understanding Your Payment Options

Aparna Constructions offers flexible payment plans to suit different buyer profiles. All plans are RERA-compliant with full transparency on milestones and amounts.

Plan 1: Construction-Linked Plan (CLP) — Most Popular

Payments are tied directly to construction milestones. You pay as the building progresses — minimising interest outflow and aligning your investment with actual progress.

Milestone	Payment %
Booking / EOI	2%
Agreement to Sale	8% (total 10%)
Foundation / Plinth	10%
Each Slab Cast (multiple)	7.5% × ~8 slabs
Brickwork Completion	5%
Plastering Completion	5%
Flooring & Fixtures	5%
Possession (OC + CC)	5%

Plan 2: 20:80 Plan

Pay 20% now (booking + agreement) and 80% at possession. Best for buyers who want to lock in today's price with minimal cash outflow during construction. Home loan is taken for the 80% and disbursed at possession. Slight premium on base price applies.

Plan 3: Subvention Scheme (selected projects)
